

## ELECTRIC MOTOR APPROVAL PROCEDURE 2020

Dear Madame/Sir

The **2020** IFMAR World Championships for the Electric **On-ROAD classes, 10<sup>th</sup> scale ISTC (modified only)** will be held next July in Heemstede, The Netherlands

The approval is to ensure that all competitors have equal access to the latest modified class motors, thus ensuring wherever possible, fair racing to decide the World Champion.

IFMAR makes no representation as to the quality or efficiency of the products approved.

IFMAR only approves compliance with its rules and by then is never liable for any issues that may occur correlated to IFMAR approved motors.

If your motors are already IFMAR approved, you have no need to seek new approval unless changes have been made. If any parts of an approved motor are changed, the motor must be sent to IFMAR for re-approval.

If you wish to submit new products or products which are changed since their last approval for use at the next Electric Off-road W.C. and future IFMAR W.C. events you must send them for approval **between March 6 th 2020 and March 20 th, 2020**. Forms, payment and documents included.

No exceptions will be made and any product; Samples, documents or forms received after the closing date, and this for any reason at all, will lead to non-approval for the 2020 World Championships and by then cannot be used by any competitor at an IFMAR World event.

The IFMAR Electric Section looks forward to receiving your products for approval.

Sincerely  
Frank Mostrey  
Electric Chairman, IFMAR

### PLEASE READ THIS FIRST

Any manufacturer, distributor, agent or retailer may submit products for approval. Providing the products meet all the specifications and requirements of the IFMAR rules in force at the time of approval, are submitted by the closing date and fully meet availability requirements as required by IFMAR.

**You are strongly advised to thoroughly study the latest “IFMAR ELECTRIC RACING BATTERIES and MOTORS”** rules - See IFMAR website: <http://www.ifmar.org>

▼ *Be aware that Motors / Rotors not complying will be failed without prior notice, submitted motors will not be returned* ▲

Only IFMAR approved motors may be used at these events. They must meet all IFMAR specifications and be widely commercially available (at least in 2 continents, preferable in 3 or more) three (3) months prior to the World Championship. Availability must be met by providing addresses at the time of submittal and are subject to spot-checks at these and other retailers.

\* When all fees are paid and upon receipt of the inspection sheet from the appointed engineer confirming that the product meets all technical specifications, and the Chairman is satisfied that all IFMAR availability requirements have been met, the product will be included as an add-on to the existing approved list for use at WC events.

1<sup>st</sup>: **Make sure** that the motor is fully compliant to all IFMAR rules. You need 6 fully build samples

**Prepare two sets: A & B:**

- Set A:**
- The original completed approval form
  - List of distributors, retailers preferably in at least 3 continents
  - Three (3) motors (build/ready to run) plus **LIST** of alternate rotors and their unique part number.

Sent **at no cost** for receiver to:

**IFMAR Electric Chairman**

Frank Mostrey

Tenierslaan 28

B 1910 Kampenhout

Belgium

Phone: +32 476 555 308

That your products have been send and the handler's tracking number.

**Ensure**

When shipping samples for approval do indicate: "Samples for testing Only – No Commercial Value". And if deemed necessary mark them as "sample".

Note on value: (Shipments exceeding 19,00 USD per shipment may be subject to Belgian customs clearance and taxes) if so then this must be settled by shipper: Again: Make sure that the shipment is free of any cost for the receiver and DDP (delivery duty paid).

Deliveries received against payment of any fee by receiver (Customs, DDP, handling, declaration costs, VAT etc.) will **NOT** be accepted.

Complete one separate IFMAR Motor Homologation Form for each motor: (photocopies accepted).

.....

I hereby declare to be fully mandated to submit these samples for and on behalf of the company and that the above information is correct to the best of my knowledge.

I hereby confirm that at least 200 motors will be widely available in two continents or more at 2 months before the next concerned IFMAR world championships and unconditionally agree that availability may be subject to spot checks .

Submitter accepts that the samples and data submitted will be used as reference to check motors (destructively) before and at IFMAR World Championships and do grant IFMAR full rights to unconditionally publish images and data of the above products.

As submitter I unconditional agree to reimburse any at all import charges or penalties that may be imposed on IFMAR or its officers, even after delivery of the samples and augmented by a 25USD handling fee.

It is commonly agreed that approvals turning out not to be commercially available in a satisfactory manner or subject or matter to complaints regarding international safety regulations or infringing patents will be withdrawn from the list, even after approval. In such case the submitter shall not make any claim against IFMAR, including IFMAR's representatives, employees, and sub-contractors but shall indemnify these against any legal liability for claims or suits, including costs and expenses incidental thereto provided that IFMAR notifies the submitter of any claims or suits without undue delay.

I Fully agree that the decision to refuse or approve motors is IFMAR's exclusive right and cannot be an issue to any claims and that submitted motors / rotors will not be returned.

The general terms and conditions of IFMAR apply to approvals and to all agreements that you enter into with IFMAR. By signing this form you declare that you agree with the general terms and conditions.
